To Whom It May Concern

Flex-Mor Industries Ltd. has been a long and valued carrier for CROWN Metal Packaging Canada LP and would be one of our top ten carriers by volume; on time performance has been above average. We utilize them for domestic Canada loads and more substantially for US bound traffic; our US counterparts also deploy them on Canada bound traffic.

I would recommend them to you for your freight services.

Regards,

A handwritten signature in black ink, appearing to read "Ken Underwood". The signature is fluid and cursive, with a large initial "K" and "U".
